

Dear Principal and Office Staff,

Your school is receiving this letter because a parent would like for their child to have the opportunity to attend a Mad Science program at your school. Mad Science sparks imaginative learning when school is out! Let your students experience firsthand how much fun science can be with Mad Science after school programs. Our hands-on courses meet once per week, after school for one hour. All programs are packed with fascinating demonstrations and inquiry based learning that provides solid educational value. Our curriculum meets state and national science standards. This makes Mad Science of South Orange County one of the most popular after school activities for elementary kids.

Why Schools Love Mad Science:

- Extends the school day
- Gives the children a chance to see the standards in action
- Always beneficial when a school presents a variety of extracurricular activities
- All curriculum is standards based and age appropriate, thus enhancing participants' test scores
- Once the program runs successfully the school is awarded a **free Family Science Night or a workshop**

Why Parents Love Mad Science:

- Mad Science fills the gap that the budget cuts have created by providing an educational hands-on environment. It brings to life the science topics briefly discussed in their classroom.
- Nurtures an interest in science
- Fine and Gross Motor Skills: Through instructor guidance children learn to manipulate small parts to follow scientific designs. Mad Science experiments apply balancing, agility, and bodily involvement.
- Social Skills: Many Mad Science activities require children to work in groups. Each child is assigned a different job in the group, which instills self esteem as well as responsibility to their group
- Independence: In each class every child will build their own take home project, scaffolding is available for those who request it. Upon completion each child will achieve a level of confidence and pride.

Why the Office Staff Loves Mad Science:

- Ease of use: Mad Science will provide the flyers with all of the registration information. They will be hand delivered to your school with the flyers segmented by class. Mad Science can do all of the registrations in house and provide the school with an informative roster before the class starts, or we can adhere to any contract registration program already in place.
- Safety: Each Instructor is Live Scanned and TB Tested. Instructors are highly trained in our office and evaluated frequently.

Sincerely,

A handwritten signature in purple ink that reads 'Lauren Turner'.

Lauren Turner  
Director of Education and Marketing

# Please Book My Program!

Please fill out the following so that we can get your Mad Science After School Program started ASAP:

School Name: \_\_\_\_\_

Address: \_\_\_\_\_

Fax#: (\_\_\_\_) \_\_\_\_\_ - \_\_\_\_\_

Phone #: (\_\_\_\_) \_\_\_\_\_ - \_\_\_\_\_

Contact Person: \_\_\_\_\_

Contact's Email: \_\_\_\_\_

Good time of the day to call and review program over the phone: \_\_\_\_\_

How many classes at your school (k-6): \_\_\_\_\_

Maximum number of kids per class: \_\_\_\_\_

School Website: \_\_\_\_\_

Preferred Day of the Week: \_\_\_\_\_

Time (10-15 minutes after school gets out): \_\_\_\_\_

Dates (we usually run 6 – 8 week programs, please include skip dates):

- |                   |                   |
|-------------------|-------------------|
| 1. ____/____/____ | 5. ____/____/____ |
| 2. ____/____/____ | 6. ____/____/____ |
| 3. ____/____/____ | 7. ____/____/____ |
| 4. ____/____/____ | 8. ____/____/____ |

Classroom number that we can use: \_\_\_\_\_

At what time will the room be available: \_\_\_\_\_

Can the room be darkened: \_\_\_\_\_

Would you like a free lunch time show for your students?

Please give us a day and time that we can come out to entertain your students (a week prior to our program's start date is ideal) Date: \_\_\_\_/\_\_\_\_/\_\_\_\_ Time(s): \_\_\_\_\_

Once you have filled this out please email or fax the form
